7,500 international members of Million Dollar Round Table (MDRT)
(the premier association of financial professionals) were inspired to "reach new heights" and learned the importance of Zonya's fiber habit in Denver on June 13.

As you can see, Zonya had a little help illustrating the benefits of getting 30 grams of fiber in our diets each and every day. Joining Zonya are MDRT past presidents, Gene Mahn (l) and Tony Gordon (r).
